## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

With regard to claims 1 and 21, Ding is not prior art and the prior fails to teach or suggest applicant's recited container wherein at least one of the sidewalls is a film having at least one layer of a blend *composed solely* of a first component and a second component, the first component selected from the group consisting of a single ethylene and alpha-olefin copolymer containing more ethylene than alpha-olefin and having a density of less than about 0.915 g/cc, and ionomers, the first component present in amount from about 99 to about 55% by weight of the blend, the second component present in an amount by weight of the blend from about 45 to 1% and selected from the group consisting of propylene polymers, polybutene polymers, polymethylpentene polymers, cyclic olefin containing polymers and bridged polycyclic hydrocarbon containing polymers. The prior art also does not disclose the recited properties of the film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
